FIFTEEN CENTS

Antioch's VIP

MAYOR MICHAEL HALEY, left, presents a plaque to "Red" Murrie, former Antioch Township supervisor, honoring him for being named Antioch's 11th VIP at Saturday's

dinner-dance at St. Peter's Social Center. A crowd of about 500 attended the event. For more pictures, see page 13. (News photo by Andy Dugenske.)

Main Street to be rid of chuckholes

by Sue Nasenbeny

The chuckholes, pits and bumps your car may suffer now while going down Main Street will be solved sometime this summer when the thoroughfare gets resurfaced completely.

The Antioch village board agreed Monday night to the proposed improvement of Rte. 83 (Main Street) from Rte. 173 to North Avenue.

The village's share of the project will be about \$33,012, which will come out of Motor Fuel Tax funds. The entire project will cost an estimated \$373,750, with the state and federal government picking up the rest of the tab, 15 percent and 85 percent respectively.

The state and federal government will finance the resurfacing of the main route, while the village must pay for the cost of repaving the lanes used for parking along the street. Village Trustee Vern Barnstable explained.

Trustee Don Amundsen said he thought using Motor Fuel Tax funds was an "excellent way to finance the project." Supt. of Public Works Walt Shepard said he had set aside \$55,000 in his budget for the project completion, which has been discussed for the past four years.

Shepard said the Motor Fuel Tax funding will free up some funds he had budgeted for the resurfacing for some other village project.

Improving Main Street would be a major project, he explained, as the current blacktop must be stripped off, storm drainage must be re-installed and traffic light modernization must be completed at the intersection of Lake and Main Streets.

Although the village has not yet signed the completed

6 District 34 teachers to be honorably dismissed

Six non-tenured teachers of Antioch Grade School District 34 were honorably dismissed at the Board of Education meeting March 20, effective at the end of this school year.

Supt. Don Skidmore explained that two were dismissed who were hired on a temporary basis this year, three were dismissed because of declining enrollment, and one was dismissed because a program had been phased out of the curriculum.

The two teachers dismissed who had been hired temporarily were Barbaga Carlson, fifth grade teacher at Oakland School, and Pete Zeien, Title I teacher at Channel Lake School.

The three instructors dismissed due to declining enrollment included John Wheeler, a first-year science teacher at the Upper Grade School; Carla Wennstrom, a second-year first grade teacher at the Lower Grade School; and Sally Schoenberg, a second-year fourth grade teacher at Channel Lake School.

Also dismissed was Mike Schwabe, an art teacher for kindergarten through fifth grade at all the district schools.

Skidmore said the art program in those grades had been dissolved to gain instruction time in other classroom areas and to integrate art with regular classroom in-

struction.

Skidmore explained that if the teachers' positions were re-opened, those dismissed would be the first considered for being rehired.

AT LAST NIGHT'S Board of Education meeting, Skidmore was scheduled to give a report on the asbestos testing of Oakland and Antioch Lower Grade Schools.

He said he sent two samples of ceiling tiles from both schools to be analyzed for possible asbestos content, and found that the samples did contain a common form of asbestos.

He said in order to determine if asbestos is present in the air in the school buildings, he contracted to have the air analyzed by the Illinois Institute of Technology, which will conduct the tests today.

Skidmore said because of the tight packing of the asbestos fibers, III advised him that it is "highly improbable that we have a level of asbestos in our air over which we ought to be concerned."

"Nevertheless, for my own peace of mind and the safety of our students I have taken the liberty to have these tests conducted at a cost of \$1,200," he said.

ALSO AT THE MEETING, Skidmore

was scheduled to recommend to the board to consider restoring funds to support the annual achievement testing program.

Last spring, the board elected to discontinue the district's annual achievement testing program due to projected financial problems, at an estimated savings of \$2,400.

Skidmore said for the amount of money involved, standardized achievement testing could yield invaluable educational information.

"Among other things it offers a quick, inexpensive index of how well our students achieve compared to national and local norms in reading, math and science. If the results are used correctly they can assist us in making curriculum decisions and student referrals," he added.

ALSO, A SPECIAL MEETING of the board was scheduled to be recommended by Skidmore for canvassing the votes of the Board of Education election and certifying the results. The special meeting would take place beginning at 9 p.m. April 14, the night of election day.

Also, administrative salaries for the 1979-80 school year were scheduled to be discussed last night in executive session. Skidmore said this would affect himself,

principals of the schools and the business manager.

ALSO, SKIDMORE SAID one or more vandals slashed 30 seat covers on two of the four school district buses sometime between March 23 and March 27, and a report had been filed to the police department.

He said it will cost in excess of \$600 to replace the slashed seat covers. No suspects have yet been found, but Skidmore said if the vandal was discovered, "I intend to prosecute to the full extent of the law."

New publishers acquire Antioch News

The Antioch News, published for the last five years by Jerry Pfarr, has been purchased by Lakeland Newspapers, publishers of 14 community newspapers serving Lake and Kenosha counties.

Lakeland Newspapers began publication of The Antioch News with today's issue. The News will continue to be published Wednesdays with no change in personnel.

5 students earn highest math honors

Five students at Antioch High School received the highest honors in the National Math Contest, held on March 6.

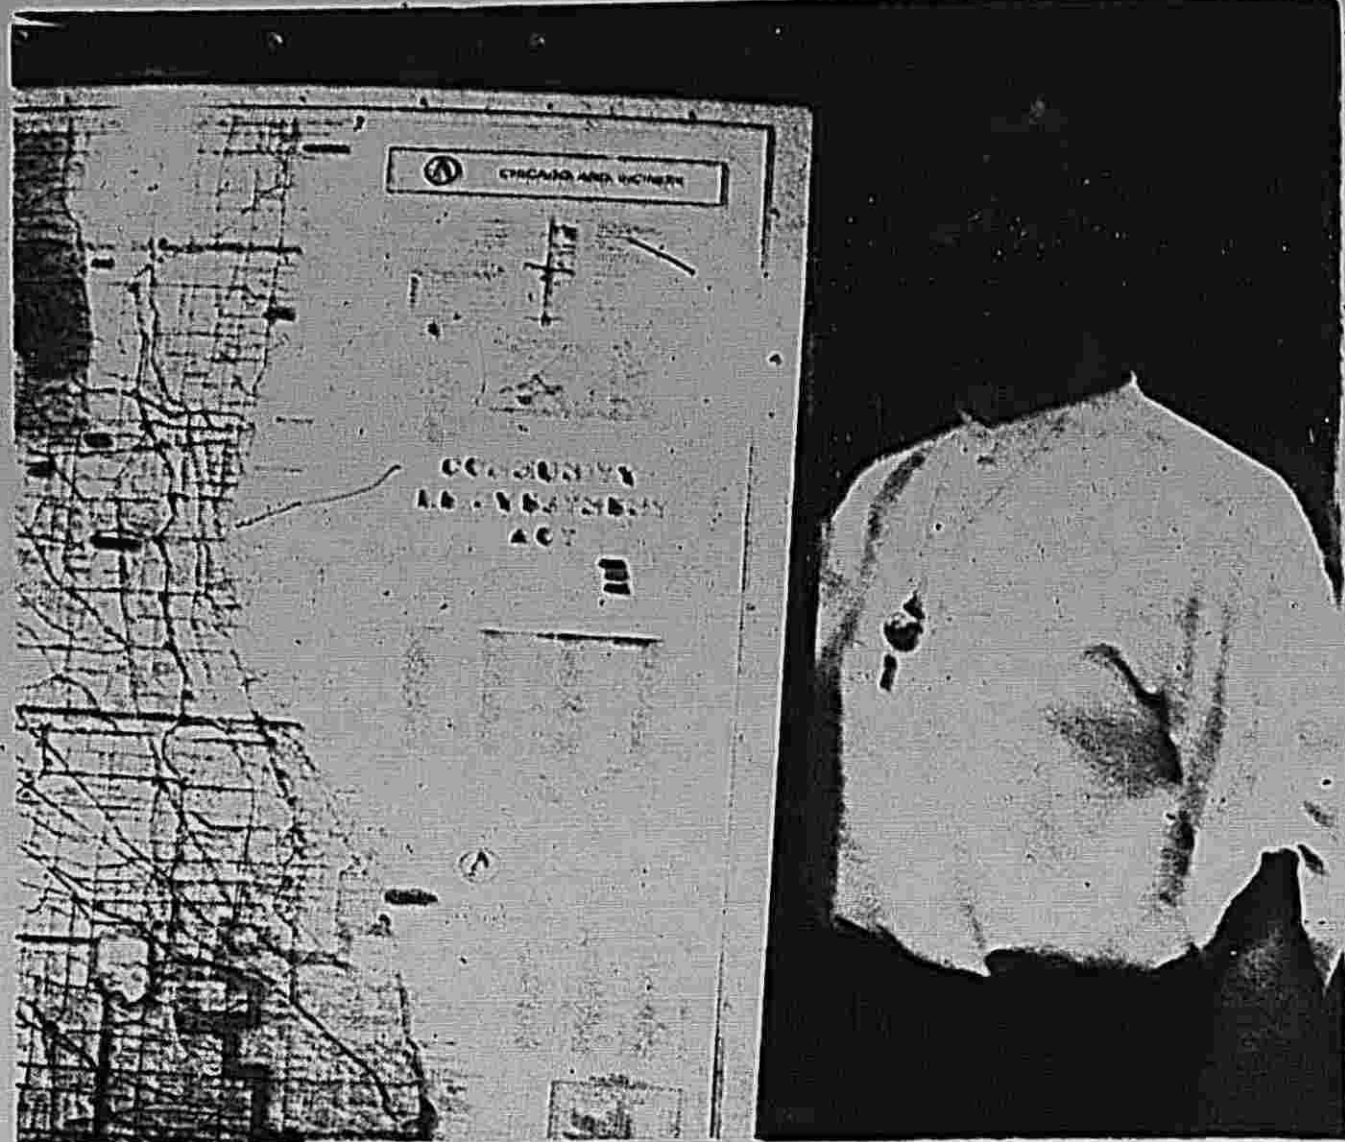

They included Bill Hucker, Darren Houghton, Jim Sertic, Keith LaChance, and David Volling.

The top 24 math students at Antioch High were invited to take part in the test, consisting of 30 very difficult math problems related to various math topics, math contest sponsor Jay P. Bratton said.

The topics included algebra, geometry, number theory, arithmetic and trigonometry.

The students were given 90 minutes and were not allowed to use calculators or math tables.

Bratton said the results were much better than last year's contest.

THE BOARD OF Directors of the First National Bank of Antioch has approved the Community Re-investment Act map and statements as shown here by Bonnie Eder, loan review officer. This map is located in the bank lobby for customer information, outlining primary and secondary loan and deposit areas.

Board of education candidates announced

Candidates for the board of education at Antioch High School, Antioch Grade School district 34, Grass Lake School and Emmons Grade School will be elected April 14 with voting at the various schools being held from noon until 7 p.m.

At Antioch High School, three persons are filing for two three-year Board of Education positions. They include incumbents Charles Forster and Frank Johnson, with Marvonne Kaht as the third board candidate.

At Antioch Grade School District 34, encompassing Antioch Lower Grade, Upper Grade, Oakland and Channel Lake, four candidates are running for two three-year terms.

Seeking election are two incumbents Sidney Parker and Jimmy Quedenfeld, also Maryann Doyle and Melody Fahrner.

At Grass Lake School, there are five candidates for two three-year terms and two candidates for a one-year term.

Filing for the three-year positions are the two incumbents, Mary Beth Walsh and Henry J. Nohava, also James R. Harris, Wayne P. Cramer and Michael J. Malick.

The two candidates filing for a one-year term include

Patricia Eileen Sherwood and Gregory P. LaPlante, an incumbent appointee who is filling an unexpired term.

At Emmons Grade School, three persons are filing for three vacancies on the board. The terms of Richard Becken, Sophie Thain and Ruth Duha are expiring, and filing for the vacancies are incumbent Becken, also Sheila McKinney and Jan Ranney.

Oakwood Knolls votes against assessment

Oakwood Knolls, subdivision residents voted 94 to 22 last week against a special assessment for added storm sewers to relieve a flooding problem for about 200 residents.

Subdivision officers had conducted an opinion poll through their monthly newsletter to determine whether residents were in favor of obtaining storm water relief through a special assessment.

About 90 of the ballots had been mailed in prior to

the meeting, which 65 residents attended.

After counting the ballots, there was no discussion on the vote outcome, and President Joe Keith said he would base his recommendation to the village board on the balloting results, as he had promised earlier.

The village board will later decide whether Oakwood Knolls will be specially assessed for added storm sewers.

Job placement service set at Antioch High

A cooperative agreement between Antioch High School and the Illinois Job Service has been signed that will provide a linkage between students, businesses in the community and the Job Service.

Illinois Job Service has arranged to supply the school with a microfiche reader to utilize microfiche daily listings from the Illinois Job Service.

This is one part of a program to coordinate school/career development with existing job markets. John Cullinan, manager of the Lake County Illinois Job Service and Arthur Blecker, principal of Antioch High, explained.

Mrs. Joyce Clement, job service representative, has been assigned to the high school to implement the program. Cullinan explained.

Clement will coordinate placement activities, and refer students to part-time positions during the school year and to full-time positions for the summer and after graduation.

"It's something that's going to update everything we've tried to do with job placement," Edward Kurek, director of curriculum and guidance, said.

"I think it's going to be a real boom in youngsters finding careers. And any calls we get for part-time jobs will be funneled to Mrs. Clement, our job service representative," he added.

Employers are encouraged to call Job Service in Fox Lake at 587-9200 or they may call Antioch High School at 395-1421 to place their job openings.

"Congratulations"

Skinner moves to abolish RTA gas tax

A move to abolish the RTA gas tax is being spearheaded by State Representatives Cal Skinner, Jr. (R-McHenry County), LeRoy Van Dwyne (D-Will County), and 26 co-sponsors.

"Abolition of the RTA gas tax would save motorists about three cents a gallon for \$6 million a year," Skinner explained.

Twenty sponsors of the RTA gas tax abolition bill are also sponsoring another bill which would end the RTA's \$65 million subsidy to commuter railroads.

"1970 U.S. Census indicates that the average railroad commuter household in the Chicago area earned 49.4 percent more than the average non-railroad commuter household," Skinner revealed.

"It seems to me that any subsidy of public transportation in the suburbs should be aimed at those most in need, that is, those who don't own cars.

"Unfortunately, the RTA Board is allocating only \$18 million to subsidize suburban bus transportation, while giving over three times as much — \$65 million — to the railroads.

"I think this represents a set of priorities which is wrong. I don't believe car drivers who earn less than average should be forced to subsidize railroad commuters who earn substantially more than average.

"There is no persuasive reason why railroad commuters cannot afford to pay for their own work trips," Skinner said.

A newspaper dedicated to people marching to their own drummers.

LETTERS

Make public aware

Editor:

I feel an obligation to make the public aware of all the cuts that have been made in the school budget by the Board of Education of District 34.

As stated in the March 28 issue of the Antioch News, there has been a shuffling of students within the school district, resulting in a saving of approximately \$35,000, but no mention was made about the six teachers that were fired.

More precisely the minutes of the March 20 meeting read "the overall savings would be \$31,300." This included the hiring of two library aids and an aid for one fifth grade teacher.

At the same meeting Dr. Skidmore requested that the board pay all his expenses for a seminar this summer in Missouri.

If conservation of funds is the uppermost consideration of the school board, then perhaps an explanation is in order as to why they had a \$1,260.76 tab for a school board convention in Chicago for nine people. Our neighboring Emmons District spent about \$300 for their board members.

As a safety measure the school board voted to lock up the trampolines at the Upper Grade School. This expensive equipment cannot be used even under the supervision of a qualified instructor, thereby not utilizing the equipment

available to our children. If this is policy for injuries on tramps, does the same apply to football and other activities?

After extensively reviewing the minutes of all the school board meetings from August, '78 to present, every issue was unanimously accepted, apparently without question.

It appears we have a cozy board with one mind. It is time we had independent people who think for themselves and maintain an open mind.

Mary Ann Doyle

Assessment voted down

[Editor's Note: The following letter was sent to the mayor of Antioch, Michael Haley, and the Antioch Village Board.]

Editor:

At our general membership meeting of Feb. 28, it was moved that we poll the residents of the Oakwood Knolls subdivision to determine their feeling to storm water control by special assessment.

The results of the poll were: 94 No, 22 Yes.

The membership recommends to your honorable body that a special assessment not be considered.

Joseph H. Veith, Pres.
Oakwood Knolls Prop. Owners Assn.

Republican Federation to hold meeting

U.S. Rep. Robert McClory (R-13th District) and Don Adams, chairman of the Republican state central committee, will speak at the annual membership meeting of the Lake County Republican Federation at 9:30 a.m. this Saturday at Brae Loch Country Club, Route 45 north of Rte. 120, Grayslake.

McClory of Lake Bluff has represented the 13th District continuously since 1962. He is ranking Republican member of the House Judiciary Committee.

Adams, who lives in Springfield, has been state chairman since 1973. He has served on the State Board of

Elections, the Illinois Electoral College and the Springfield Public Commission. He is president of the Lincoln Center Corporation.

Federation President Michael Cudahy of Lake Forest will award the federation's Bob Milton Memorial Award to "an outstanding Republican." Guests will be welcome.

Board of Governors members will also be elected.

The nominating committee consists of David Amor, chairman, Betty Jane Elrod, Ellis Fuqua, Lawrence D. Inglis and Gordon H. Smith.

Berning backs bill to raise speed limit

"Claims of life and gasoline savings from the 55 mile per hour speed limit have not been proven, and enforcement of the limit is a joke," Sen. Karl Berning (R-Deerfield) said about his controversial bill to lower the speed limit in Illinois.

The measure, SB 149, was approved by the Senate Transportation Committee last week and sent to the Senate floor.

The Berning bill would raise to 65 mph the speed limit on four-lane limited access highways with median strips, such as interstate highways, supplemental freeways and tollways. It would not affect two-lane state highways, or county or township roads.

Gov. James Thompson has said he would veto any move to raise the speed limit above 55 mph.

"I am aware of the governor's feelings, but there is a principle here. The federal government is blackballing us with our own money and its time we sent it a message.

"The feds say they will cut off federal highways funds if

we raise the speed limit, but it is tax money of Illinois citizens they are using for leverage. They are bullying us with our own money," Berning said.

"If enough states move to buck the federal government on this issue, it will tell Washington, D.C., we are sick and tired of being told by them how to run our state.

"The people of Illinois know best what their state needs and doesn't need, and I resent the federal government mandating blanket rules for all to follow," he added.

Berning also noted enforcement of the 55 limit is almost impossible. "If you drive 55 miles on our major highways, most of the cars and trucks pass you up."

Statistics on fuel savings and decreased accident rates claimed by 55 mph proponents, Berning said, have never been adequately proven to justify retaining the lower limit.

Federal law now bans states with speed limits higher than 55 from receiving federal highway funds. Fourteen states, besides Illinois, are considering raising their speed limits.

Along the way with ANNIE MAE

YOU KNOW, last Sunday was April Fool's Day. Did you pull off a good one?

DONKEY BASKETBALL IS coming up Tuesday night at 7:30 at Antioch High School. The "A" Club team will play the "All Stars" from the Antioch High School faculty. There's even a special half-time show planned.

Proceeds will go toward scholarships for high school students and funds for extra-curricular activities. It should be fun! See you there!

WASN'T THAT A GOOD TIME last Saturday night? The VIP dinner-dance honoring Red Murrie was just fantastic and everything went beautifully. I especially liked talking to and dancing with lots of the fine men in town, even though I'm a little bit older than they are.

OKAY NOW ... who was that I saw together at Johnson Jewelers picking out wedding bands? All I can say is that it was on a Tuesday, and they've made a really cute couple for a while ... Now all I need to know is ... have they set the date?

HERE'S A SCOOP ... the blonde floozie's brunette sister may not be such a threat any longer to us, girls. I saw her last week dining out with one of Antioch's successful young men and found out they've been going out since she came to town, not long, but pretty good for her.

HERE'S A TRIVIA QUESTION for you. Off of Lake Street, who was Henry Street named after? Call the Antioch News if you have the answer.

Childbirth to be discussed

The LaLeche League of Antioch Lake Villa will meet at 8 p.m. Wednesday, April 11.

The topic for discussion will be "Childbirth: Bringing Baby Home."

Babies are always welcome at meetings as well as any other women interested in learning more about the art of breastfeeding, co-ordinators said.

Alert teller discovers stolen check

A 19-year-old employee of Quaker Industries of Antioch was arrested Friday and charged with theft after she allegedly tried to cash a check of a fellow employee.

Antioch Police Lt. Tom Fisher said Rebecca A. Pier of Kenosha was arrested after she went to a drive-up window of the State Bank of Antioch and attempted to forge and cash the check of a fellow employee.

Pier admitted to police she had taken the check and attempted to cash it after having been given it accidentally after payroll checks had been distributed. Pier had also received her own paycheck.

When the accident had been discovered, Quaker

officials called the Antioch financial institutions and told them about the missing check.

An alert teller at the State Bank then noticed the check after Pier presented

it to her and informed police, Fisher said.

Pier was charged with theft of lost property and her hearing has been scheduled for April 10 in Lake County Circuit Court.

50 YEARS AGO: APRIL 4, 1929

Intra-mural basketball tournament games at the Antioch High School were brought to a close Monday night when Murrie's aggregation defeated Cremin's team. On Murrie's team were Mastne, Kennedy, Masek, Ullman, Burnette and Atwell. On Cremin's team were King, Hurley, Martin, Hahn, Hughes, and L. Hanke. Folbrick's team beat Sheehan's for third place.

According to the petitions, Dr. G.W. Jensen, board member, is candidate for village president on the peoples ticket. As running mates on the same ticket are Charles N. Lux, Frank Dunn and R.A. Shultis. George B. Bartlett heads the independent ticket for mayoralty honors, and the trustee candidates are Chas. F. Richards, J.B. Drom and H.P. Lowery. J. Ernest Brook, for treasurer and A.G. Watson for police magistrate.

In an avalanche of votes, the largest number polled here in eight years, William A. Rosing was elected supervisor of Antioch township Tuesday, defeating Frank B. Kennedy by 72 votes. Samuel E. Tarbell veteran justice, was victorious in his campaign for re-election, and William Regan, Antioch merchant, was also winner for justice of the peace.

Patronize Tom and Lee - we're not Chinamen, we're barbers in the telephone building, Antioch.

Mr. and Mrs. Otto Tousek announce the birth of a daughter who has been named Otto Jane.

Ruth Noble, Libertyville, is now employed at the Antioch Cafe.

Mr. and Mrs. Arthur Maplethorpe announce the birth of a daughter. The child has been named Mary Jean.

30 YEARS AGO: APRIL 7, 1949

President George B. Bartlett said he would ask E.L. Laurin who audits the village books why no provision is made in the estimates for money to establish playgrounds in the village. President Bartlett said that playgrounds are needed and suggested that vacant lots in the south part of the village be converted into places for youngsters to play.

Elsie Farnsworth, Antioch High school senior, received the Good Citizenship Award given by the Daughters of the American Revolution.

Mrs. Arthur Rosenfeldt was hostess to the members of her bridge club at her home Tuesday afternoon. Following the card games luncheon was served by the hostess.

Louie and Ed's Tavern bowling team is in a tie with Joe and Helen's this week as the season nears the end for the year in the tavern league.

10 YEARS AGO: APRIL 3, 1969

A prophet may be without honor in his own land, but a local Antioch boy who makes good can become an Antioch VIP. This is what happened Saturday night to James W. (Big Jim) McMillen, who was honored at the first annual VIP dinner-dance at St. Peter's Social Center.

Mrs. W.C. Petty of Antioch will be among the 200 Illinois women attending the 17th annual Republican Women's Conference in Washington D.C., who will be received by Mrs. Richard M. Nixon at a White House reception.

From Annie Mae ... Judge Otto Kerner was a surprise guest at Jim McMillen's VIP Dinner. It was also good to see Fr. Hanley there, too.

String ensemble at CLC

A variety of periods and styles of music will be performed by the string ensemble "Orchestra Da Camera" at the College of Lake County at 8 p.m. April 7.

This year's repertoire, under the direction of Timothy Russell, includes a variety of instruments such as the cello, flute, violin, harpsichord, recorder, and Renaissance and Medieval instruments in a performance of "Historical Tour Through Chamber Music."

The performance is the last of this seasons performing arts series. The charge is \$2 for CLC students and \$3.50 for non-students.

RECEIVING AWARDS for outstanding service to the Antioch Lion's Club are, from left, Dave Bushing, co-chairman of the Lion's membership committee, Don Morris, past president of the Lion's who presented the

awards, and Bill Brook, chairman of the Lion's membership committee. They received their plaques as part of Awards Night recently. (News photo by Andy Dugenske.)

AARP celebrates 14th anniversary party

Antioch's American Association of Retired Persons recently celebrated their 14th anniversary party with a luncheon and entertainment by the "Andrew Sisters" and a barbershop quartet.

President Esther Aiani honored past president John Horan. Dolly and Clarence Spiering and William Wild said when they were presidents they could not have done their job without the cooperation of the club members.

Public Relations Chairman Frances Winiecki said after a delicious luncheon, entertainment included a performance by the three Andrew sisters.

Hilda Hibidou was Laverne, Jean Schneider was Patti and Frances Winiecki was Maxine, singing all the old songs of the Andrew sisters.

A barbershop quartet performed at the anniversary party also, including John Babik, John Brennan, John Wenclawski and Joseph Swick.

The choral group sang old-time tunes, such as "Enjoy Yourself" and "Happy Birthday, AARP!"

At the meeting, Esther Aiani and John Wenclawski reported that they attended a forum on Social Security legislation at the College of Lake County. Senator Robert McClory was the guest speaker and urged members to

write their senators and congressmen to reduce taxes.

On Tuesday, April 10 the AARP will hold a business meeting, with the guest speaker to be Bud Holtz, Antioch Township assessor.

He will speak on real estate taxes with a question and answer session to follow.

The AARP is currently holding a membership drive for anyone 55 years or older to come and join the group. Meetings are held the second and fourth Tuesday of the month at noon in Father Frawley Hall at St. Peter's Catholic Church, 557 Lake St.

agreement for the improvement of Main Street, Shepard estimated that if the project was approved it could be started this May.

ALSO AT THE MEETING, the board agreed to hire Antioch Excavating for the Orchard Street sanitary sewer replacement project with its low bid of \$36,485.

Other bids for the project were: Diemer Plumbing and Heating, \$38,685, and William Ziegler and Company of Round Lake, \$42,900.

IN OTHER BUSINESS, the village approved the zoning ordinances for the annexation of the two proposed subdivisions owned by Joseph Patrovsky, Johelia Country Estates and Country Ridge Manor.

Also, Ken Longardner of the Oakwood Knolls subdivision presented a petition to the board on behalf of members of the subdivision. He said the petition contained 451 signatures of persons who were against the proposed special assessment in the area for added storm sewers.

Firemen kept busy this weekend

The Antioch Fire Department answered five calls this past weekend.

Saturday, just before noon, the fire department was summoned to extinguish a rubbish fire on Bluff Lake Road in Grass Lake.

From there firemen answered a call at the Country House Restaurant shortly after noon. The fire was in a

broiler and did no damage.

Sunday the fire department had an early call for a house fire at the residence of Marion Phillips on Grass Lake Road. Firemen found an electrical fire in the crawl space of the home. Damage to the structure was minor.

Later that afternoon firefighters extinguished a car fire in the parking lot of Tuffles Restaurant. The fire did minor damage to the car.

At 3:55 p.m. the firemen responded to a garage fire at 285 Ida Ave. They found the garage at the home of Gary Larsen fully engulfed with fire. The cause of it is undetermined at this time, pending further investigation by the Antioch Fire Prevention Investigators. Damage to the garage and its contents was extensive.

Real estate tax due June 1

Jack "Red" Anderson, Lake County treasurer, has announced that bills for the first of two payments for 1978 Real Estate Tax are being put in the mail today.

Payment of these bills is due on or before June 1, this year to avoid paying a penalty.

Dollar amounts shown on these bills are based on one-half of the total of 1977 taxes.

This procedure has been necessary over the past few years so that funds are available for release to the various taxing bodies in the county, such as municipalities, townships, park districts, and particularly the school districts, Anderson said.

Bills for the second payment of the 1978 taxes will be sent out later in the year.

Anderson emphasized, "Although these tax bills

are being sent out at this early date, payment is due June 1 in order to avoid paying a penalty.

WATER REACHES ALMOST to the doorstep of the home of Bill Klatt of Witt Road due to the recent flooding experienced by residents of Channel Lake. The flooding caused some residents to evacuate their homes.

Safety tips offered for flooding problems

The flooding being experienced in Illinois not only causes obvious misery but carries additional potential harm to life and property.

Charles Cliggett, who heads the non-profit Illinois Fair Plan Association in Chicago pointed out that in the midst of a crisis situation, people are apt to forget basic safety rules or not even realize where danger lies.

"Anytime you have water involved with electricity there is imminent danger," Cliggett said.

"For example, water leaking through roofs has found its way into electrical ceiling fixtures. If this happens, be sure to cut off the light switch, for a short circuit could cause fire.

"If it is necessary, you may want to have the master switch closed. But here, too, you must be cautious, particularly if the switch is in your basement and there is water there."

Cliggett said that a flooded basement can be dangerous even if there is only a small amount of water on the floor.

"If you want your master switch cut off in a flooded basement, it is best to call your utility company and ask them to cut the power."

"If you must go into a flooded basement, wear rubber boots," Cliggett warned. "Try not to touch any metallic appliance cabinet. Don't touch metal pull chains on light fixtures.

"Remember that walking through a puddle of water that has a chance of touching any power source is as dangerous as sticking your fingers in a light socket."

Cliggett also observed that this is a particularly important time to remember that flammable materials should not be stored in basements.

"Be careful what you try to salvage from flooding," he said. "Saving flammable objects that are close to power sources can lead to fires in the home. Use your good judgement. Exercise caution."

Financial News

By Phil Schaub

[Editor's Note: This financial news column is designed for the general education of our readers. Mr. Schaub, assistant vice president of the Antioch Savings & Loan Association, will discuss areas such as taxes, insurance, investments and financial planning in general.]

Life insurance is a crucial part of financial planning. There are basically two types of life insurance, term and permanent. This week we'll talk about term insurance.

Term life insurance is like auto insurance. You pay the premium and then you are insured for a specified term of time, usually one year.

If you have a claim during that term, your beneficiary collects on the policy. If you don't have a claim, the premium money is gone. You don't get anything back.

There are several types of term. The most basic is "Annual Renewable Term" (ART). You have the right to renew the policy annually. The company has the right to raise the premium each year to a new premium that was specified in the policy.

Life insurance premiums are based on the statistical probability of dying. The largest single factor in the statistics is age. Therefore, as we get older the pure premium for life insurance has to go up.

Annual renewable term allows the company to charge exactly the premium needed each year. Any form of life insurance where the premium stays level means that the company has to try to average out the premiums.

Let's look at an example of how an Annual Renewable Term Life insurance policy works. My friend Tom is considering buying \$25,000 of life insurance. He is 35 years old. He doesn't have any bad medical history to complicate things. The Annual Renewable Term premiums that Tom would have to pay at a company I write life insurance with, would be as follows:

AGE	ANNUAL PREMIUM
35	\$76.25
45	\$135.25
55	\$362.25
65	\$893.75
75	cannot renew

If Tom dies anytime during the term of his insurance, his beneficiary will receive \$25,000 from the insurance company. If Tom survives to age 65 he will have paid \$9,627 in premiums. If Tom lives to age 75, he will have paid \$22,766.75. The company will cancel his insurance at that time and it will be all over. Tom's money will be gone.

Tom isn't sure this is the best way for him to go. He'd like to get his money back even if he lives. He'd also like to have level premiums.

Next week we'll look at another life insurance option, permanent insurance. Annual Renewable Term is the cheapest in terms of what you pay right now for life insurance, but it isn't necessarily the cheapest in the long run.

This column is meant for the general education of Antioch News readers. It is not meant to prompt action on anyone's part. Before taking any action suggested to you by this column, check with your attorney, or insurance broker. If you have any general questions you would like to see answered in this column, you can write to me either here at the Antioch News or at my office with Antioch Savings and Loan.

Kindergarten registration announced

District 34 kindergarten registration for next year will be held at Antioch Grade School, Channel Lake Grade School, and Oakland Grade School on April 9th through April 12th, from 9 a.m. to 1 p.m. each day.

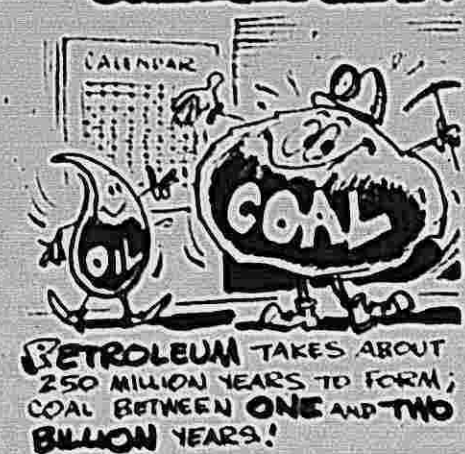

To be eligible to enroll in kindergarten a child must be five on or before December 1, 1979, Supt. Donald Skidmore said.

If it is not possible to register during the week, parents should call the school where the child will attend and make arrangements to register or at least give the name, address and telephone number and the name of the child.

The registration fee is \$15.50 but it may be paid anytime before school starts.

Please bring your child's birth certificate, baptismal certificate or hospital certificate for registration, Skidmore added.

Making good things happen.

Were You Satisfied With Your Home Insurance Protection This Last Winter?

Antioch Savings' Customers Were!

If you own a home or you're currently in the market to buy a new home, you know how important adequate homeowners insurance coverage is especially after the kind of damaging winter that we've been through. You not only want competitive coverages and rates, but you want fast, fair claim service.

We want fast, fair claim service too! Let us explain. We're a savings and loan and our main business is savings and mortgages. In other words, we don't sell insurance just to sell insurance. We're more concerned about protecting your investment in your home. Helping the housing sector of the economy is our main business. You can bet that when a snow storm (or any kind

of peril) causes damage to a home, we're just as concerned as the homeowner. That's why we think the insurance coverages that our insurance department offers are the best around. We want any wrongs righted just as quickly as our customers do because, in most cases, we have just as much at stake. This past winter, many of our customers were glad that they bought their insurance through us. So were we!

If you're a homeowner and you're not satisfied with your current situation, come see us. We'll offer you the same coverages that many of our loan customers receive and you'll receive the same excellent claim service should you ever need it.

If you're currently in the market for a new home, we make it easy. You can get your mortgage and your insurance here at Antioch Savings. Monthly payments are made simple because they're all sent at the same time to one place. You'll not only receive competitive interest rates on your financing, but you'll receive well known, competitive insurance coverages to protect this new investment.

If you're concerned about good coverage and claim service, and you know the concern that we have for your home, doesn't it make sense to see Antioch Savings for this service? Here's another way that Antioch Savings is "Making Good Things Happen."

Annual Easter Egg Hunt set for Saturday

Antioch Parks and Recreations will be sponsoring its annual Easter Egg Hunt in Williams Park next to the Little League Field this Saturday.

A visit from the Easter Bunny will be featured at about 1 p.m. The fun starts with treats and prizes for all.

"Bring down your Easter baskets and join in, see you there!" sponsors said.

A jelly bean contest will be held with prizes offered also.

FFF Center plans craft show, bowling

A craft show, Easter egg coloring, cake decorating and open bowling are some of the activities planned by the Antioch Fun Food and Friendship Center this week.

Coordinator Marian Rohde said the Center is located in the Antioch Scout House at 741 Main St. and is open Monday, Wednesday and Friday with meals at noon and a variety of programs and activities scheduled.

The following activities are planned for Friday through April 13:

Friday - 10 a.m. - Cake Decorating; 1 p.m. Beginning of new pinochle.

Monday - 11:30 a.m. - Craft Show and Tell; Information and Referral; 1 p.m. - Kitchen band.

Wednesday, April 11 - 10 a.m. - Egg coloring, cupcake decorating; 2 p.m. - Open Bowling, Antioch Bowl.

Friday, April 13 - Good Friday, Center closed.

3-part series on photography set at CLC

A presentation by photo-journalist Jean Claude Lejeune will launch a three-part series of photography programs sponsored by the College of Lake County Photographers' Co-op.

The French-born photographer has traveled worldwide and has sold his photos to such respected news magazines as "Newsweek" and "Time."

Titled "Photography: An Exercise in Vision," the slide/lecture presentation will be held at 8 p.m. tonight in the lobby of the main building.

On Thursday, April 12,

the student organization will present "Photo Festival '79" from 1 p.m. to 9 p.m. in the lobby of the main building.

Photography equipment, demonstrations on picture taking and making, and information on photography will be available.

Finishing the series is a

lecture and slide presentation by Marion Smith of the Chicago Camera Club Association.

This meeting will be held at 8 p.m. on Tuesday, April 17, in the conference center, building 1.

All programs are free and open to the public. For more information, call 223-6601, ext. 416.

At PM&L

Story of Norwegian immigrants to be told

John Van Druten's "I Remember Mama" is the next play to be presented in PM&L's remarkably successful 18th season, directors said.

The show will open Saturday night, April 21, with four following performances scheduled for Friday and Saturday nights, April 27 and 28 and May 4 and 5.

All of the presentations will be at 8:30 p.m. in the PM&L Theater, 877 Main St. in Antioch.

"I Remember Mama" is the story of a Norwegian immigrant family living in San Francisco in the years before World War I. This strikingly human story has reached many a responsive chord in the United States, from the original book, "Mama's Bank Account," by Katherine Forbes, through the Van Druten stage adaptation, which opening in 1944, ran for 714 consecutive Broadway performances.

The show became a movie in 1948, then a long-run television series, and is about to open again in New York, this time as a musical featuring Liv Ullmann.

The PM&L production, directed by Don Beveroth, boasts a large and talented cast, he said, with many of its members already well-known to Antioch theatre-goers.

Ann Marie Cina plays Mama; Frank Greenwood as Uncle Chris, the colorful head of the family; and Pam Hunley as Katrin, the young writer whose story this is.

Others in the cast include George Cina as Papa; Lori Koenig, Debbie Beno, Gerry Schmelcher and Bob Mallowney as the children in the family; Mickey Mandell,

Rae Johanssen, and Yvonne Dyer as the three aunts; Tom Hausman as Mr. Hyde, an elegant literary boarder; and Debbie Blanksten as Uncle Chris' "womah."

Other roles are played by George Blanksten, Gerry Mandell, Carole Mallowney, Chris Helgoe, Lisa Quinn, Janet Sershon, and Ed and Martin Domeracki.

This is a major production, certain to be another PM&L hit Beveroth said.

Call 395-3055 to make reservations, and try to be at the theatre no later than 8:15 on the night you plan to see the show.

HAPPENINGS

The third annual Lakes Region Community Men's Prayer Breakfast will be held at 8 a.m. Saturday, April 21, at the Millburn Congregational Church, Rte. 45 and Grass Lake Road.

Guest speaker for the program will be Dr. William C. Pettit, former coun-

ty superintendent of schools. Music will be performed by the Grayslake High School choral group.

Tickets for the breakfast are \$4 per person, and are available from Jerry Vander Meer at the Farm Bureau in Grayslake, P.O. Box 348, Grayslake.

Plans set for Oakwood Knolls Spring dance

With this winter's cold and snow just a bad memory for a lot of us, plans are being made for the annual Oakwood Knolls Spring dance.

Coordinator Chris Kellogg said dancing will be from 9 p.m. to 1 a.m. Saturday, April 21 at St. Peter's Social Center. Music for the evening will be provided by the Ray Balmes Band.

Tickets are \$5 each and

refreshments will be served. Professional bartenders will man the cash bar.

The prize list is growing everyday, she said, with the door prize featuring a get-away weekend for two at the famous Pheasant Run Resort.

Tickets are available from Kathy Stack at 395-6832, Doris Veith at 395-6916 or Debbie Lisuzzo at 395-7599.

Comedy troupe to appear at CLC Monday

The Dinglefest Theatre Company, a musical and satirical comedy troupe, will be performing at the College of Lake County at 12:15 p.m. on Monday.

The performance, which will be held at the theatre in Building 5 on the Grayslake campus, is free and open to the public.

The "Dinglefesters" use popular American literature, mime sequences, songs and dances to comment on our society's over-reliance on technological solutions to problems.

Their original comedy script is entitled "Tom Swift and His ..." and is based on the American experience.

The company of six young professionals not only performs in its musical revue, but also shares in the writing, production, and management of its organization.

For more information on the performance, call Richard Jenkins, assistant director of activities, at 223-6601, ext. 423.

Happenings

The Sacred Choir of the Lakes will present a concert at 3 p.m. Sunday, April 8th at St. Benedict's Abbey, Benet Lake, Wis.

The program will include a variety of Christian music. The Choir is directed by Howard Heyer and accompanied by organist Ronald Lemke.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Be content to play a less conspicuous role for time being. Don't force issues with others. You fare better by working on projects along this week.

TAURUS [April 20-May 20] - Social activities are highlighted, increasing popularity, bringing new friends into picture. Contact close associates who can help in attaining ambitions.

GEMINI [May 21-June 21] - Professional and business affairs require your attention; you get the chance for substantial gains in this field. Maintain good working rapport with superiors.

CANCER [June 22-July 21] - Academic accolades come easy; look into new areas of study, educational pursuits. Enjoy the intellectual companionship of those who share your own philosophies and views.

LEO [July 22-August 21] - New business propositions should be investigated thoroughly. You can prosper through joint endeavors, let partner take the lead and make some decisions.

VIRGO [August 22-September 22] - Commitments you make now can be binding so check out all the details before signing contracts, legal papers. You get public attention so keep activities above reproach.

LIBRA [September 23-October 22] - You can make progress by working efficiently with business associates toward a unified goal. Welcome the opportunity to tackle new tasks or work methods.

SCORPIO [October 23-November 21] - Ties with loved ones can be strengthened, you get support from young people too. Give efforts to promoting interests of those close to you.

SAGITTARIUS [November 22-December 20] - Emphasis is placed upon family related matters, domestic affairs. Avoid making any changes that has unsettling effect on kin. Make home and property improvements.

CAPRICORN [December 21-January 20] - A bit of conferring with the right people can help you develop your ideas to fullest potential. Short trips are favored by exercise caution when travelling.

AQUARIUS [January 21-February 19] - Although you are capable of increasing personal resources, adding to income, there's also a tendency to spending extravagantly. Avoid hasty investments.

PISCES [February 20-March 20] - Most personal aims can be achieved by making a direct approach, taking assertive measures. Use your influence and personal magnetism to gain support

Nor-Mal International sets emergency parts supply

"Spring is just around the corner" for farmers, and field work will begin soon and continue until all the crops are planted.

April and May are critical

NAMES in the NEWS

MIKE HARLAND of Antioch will begin his senior year as a long distance runner for the Southwest State University track and field team's outdoor season.

Harland is one of two seniors in the lineup for this year's squad. The university is located in Marshall, Minn.

The Golden Mustangs will host the Banana Relays at the Southwest State Athletic Field Stadium this Saturday, and will compete against such teams as Dakota State College, the University of Minnesota-Morris, North Dakota School of Science, and Dakota Wesleyan University.

field months in this area and once the work starts, farmers need the advantage of every hour of every day with their machines.

Because service parts are important in keeping these machines operating, International Harvester will go on its emergency parts supply system beginning April 14 until May 27.

During "stand-by-7" as IH calls it, all company parts centers and factories in the U.S. will be manned seven days a week.

Nor-Mal International, Inc., Antioch, local IH dealer, is part of this emergency parts supply system.

Just a phone call by the dealer puts "Stand-by-7" into action. The company's national computer network has access to some 460,000 different parts and locates them in a matter of seconds.

CLC NEWS

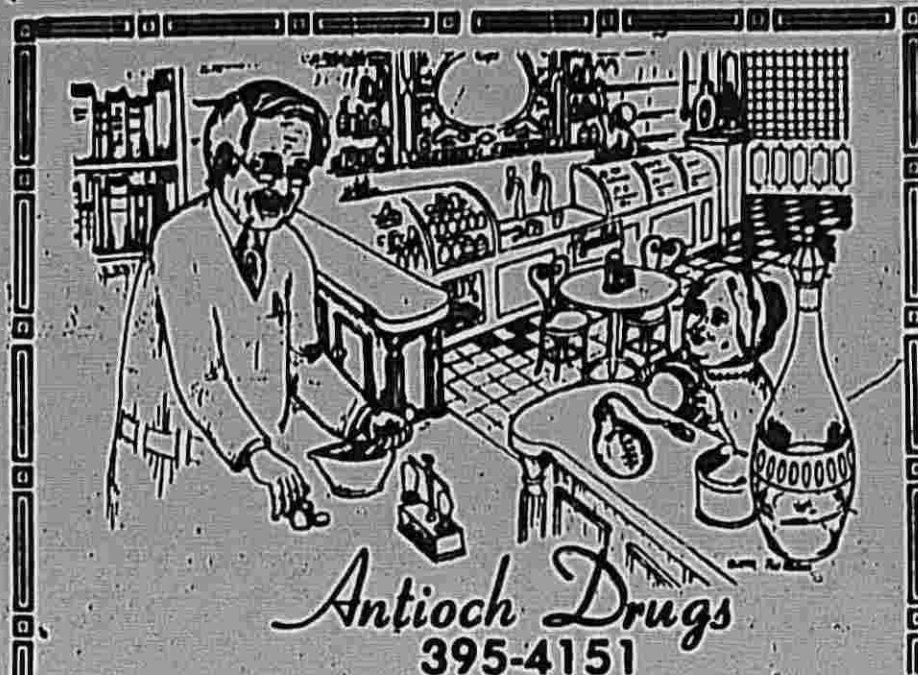

A candidates rally for the College of Lake County Board of Trustees election is scheduled for Wednesday, April 4.

The meeting will take place in the lobby of the main building on the Grayslake campus beginning at noon.

The rally format includes a short presentation by each candidate followed by a question and answer session.

Sponsored by the Students Activities Office, the program was planned in anticipation of the CLC trustee election, scheduled for Saturday, April 14 when two board vacancies will be filled.

The meeting is free and open to the public. Refreshments will be served after the rally to allow interested persons to chat informally with the candidates.

Aspirin

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By Don Mendrala

Medicinal use of aspirin dates back at least as far as ancient Greece.

Hippocrates, the famous Greek physician, suggested that his patients with pain and fever could find welcome relief by chewing the bark of the willow tree; which, unknown to Hippocrates contained salicin, a chemical cousin to aspirin. The remedy worked and the chewing of willow tree bark and other barks containing salicin became the standard way to relieve pain. It remained popular up to the early 1800's when European scientists were finally able to separate the salicin and throw away the not so appetizing bark.

Soon thereafter, researchers discovered two new drugs similar to salicin, but even stronger in therapeutic effects; salicylic acid & acetylsalicylic acid.

Of the two medications, acetylsalicylic acid proved to be more effective and when Bayer Company began manufacturing it in 1899 under the trademark of aspirin, the 20th century's most widely used drug was born.

More than 14,000,000 recommendations for aspirin tablets are made each year by physicians in the United States.

Aspirin is recommended and used so often because aspirin is one of a very few medications capable of providing the highly desirable therapeutic actions: very effectively and at a very low cost.

Aspirin is:

- 1) an analgesic, capable of relieving a variety of pains.
- 2) an excellent fever reducer.
- 3) a medication capable of relieving the aches and pains associated with inflammation.

AS A PAIN RELIEVER

The way aspirin works as a pain reliever is still somewhat of a mystery. Many scientists believe it acts on the central nervous system and the pain sensing centers of the brain. It is believed that here aspirin actually raises the body's pain threshold; so that we don't feel pain as much, if at all.

Another theory is that aspirin works more locally. That by normalizing the chemistry of affected tissues, it acts to relieve pain right at the spot from which it is emanated.

Regardless of how it works exactly, medical experts, along with most people who take it, agree that aspirin is one of our most effective pain relievers. It begins to bring relief in minutes and that relief can last for hours.

Aspirin's unusual ability to lower elevated body temperature has long been recognized. Some scientists believe aspirin works to reduce fever by expanding the tiny blood vessels under our skin and increasing blood flow, so that excess heat leaves the body and temperature falls.

Aspirin may also have an effect on the hypothalamus; the area of the body that controls temperature, inducing it to trigger a temperature drop when there is fever. Although some people may experience sweating when they take aspirin, the sweating is not necessary to lower fever. Medical studies have shown that in almost all persons with fever, aspirin can produce at least a one to three percent drop in temperature within three hours.

However, it must be kept in mind, fever often signifies the presence of infection, or another problem of the body. So always be sure to inform your physician about any persistent elevation in temperature you experience.

Inflammation is a natural process that takes place in the body's tissues following injury, infection, or disease. The results are familiar: tenderness, swelling, pain and stiffness in different degrees depending on the cause & the affected area.

Medical investigators have shown that aspirin may block the action of certain enzymes that play a part in the inflammatory process.

The first stewardess, Ellen Church, carried baggage, helped pull the airplane out of the hangar, cleaned the plane's interior and refueled it.

Crowd honors 'Red' Murrie at VIP event

News photos by
Andy Dugenske

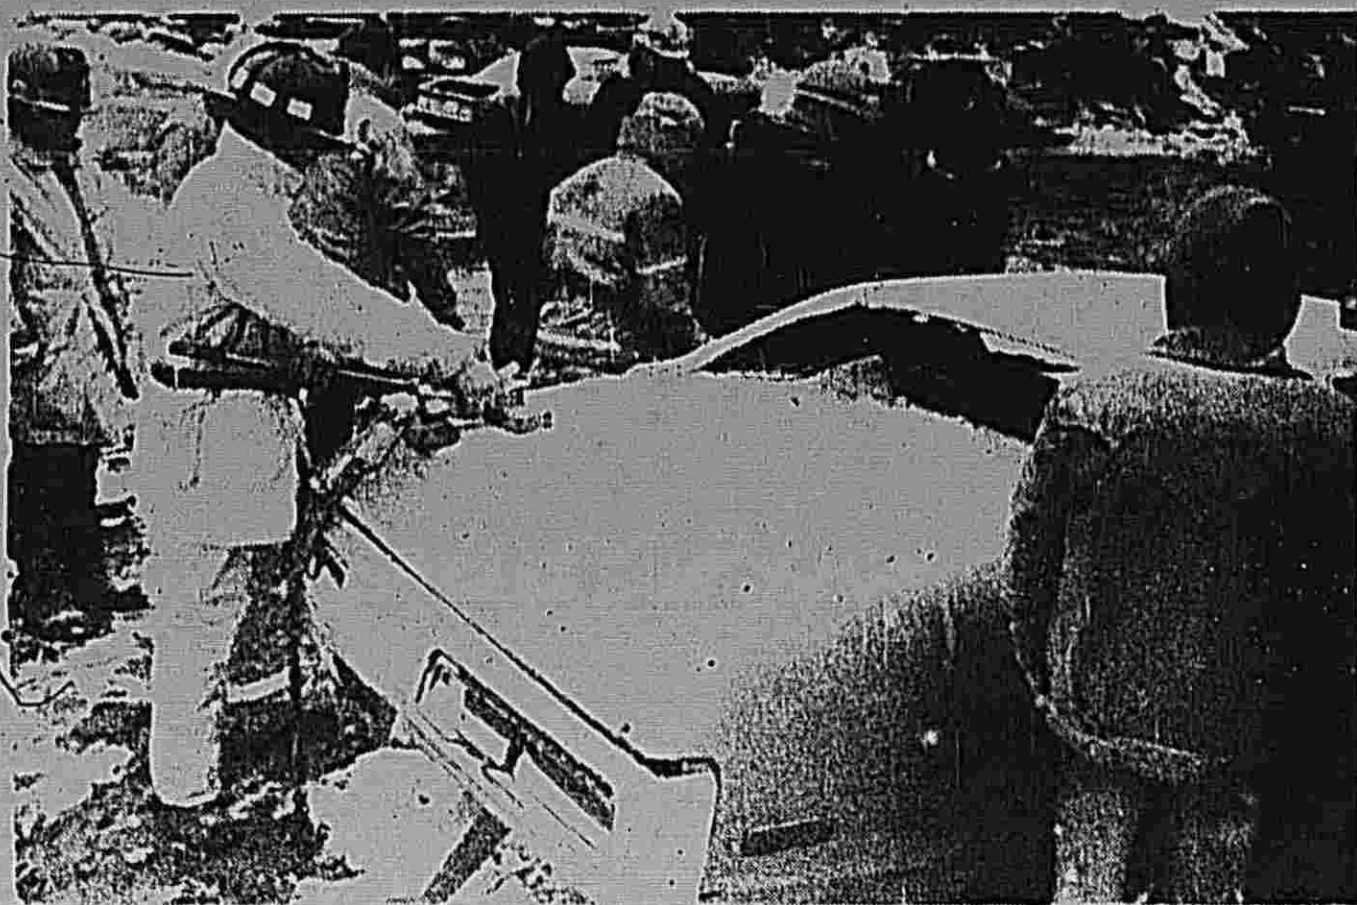

A crowd of about 500 people filled St. Peter's Social Center last Saturday as friends, relatives and residents came out to honor Lloyd "Red" Murrie, former township supervisor, at the 11th annual VIP dinner-dance.

In the upper left, "Red" Murrie gives an acceptance speech on the honor of being selected Antioch's VIP, and above right, Fr. Francis Johnson, pastor of St. Peter's Church, presents "Red" with an instant color camera as one of the gifts from the parish.

Below left, Dr. W.C. Petty, a former Antioch VIP and past superintendent of Lake County schools, talks about some of Murrie's accomplishments. Below right, Harry Robin, chairman of the Lake County board and supervisor of Grant Township, presents Murrie with a scroll for his service as Antioch Township supervisor as well as on the county board.

Co-chairmen of the event William Barr and Paul Maginot said they would like to thank everyone for their hard work and support in organizing the dinner-dance — which was a pleasant and entertaining evening for all.

RESCUE SQUAD members from Antioch, Lake Villa, Round Lake, Newport, Zion and Lake Zurich learned the techniques of removing injured persons from wrecked cars during a two-day class last week in Waukegan.

Rescue squads learn extrication

More than two dozen firemen, including representatives from Antioch, attended a two-day auto extrication class held March 24-25 at Victory Memorial Hospital and Diamond Scrap Yards in Waukegan.

This was the third such program in as many years, conducted in conjunction with the paramedic training course, according to Barbara Lyons, RN, director of Emergency Medical Service at Victory.

After three-and-one half hours of classroom work the fire and rescue squad members spent 10 hours outside in bone-chilling cold learning how to get accident victims out of wrecked vehicles.

Diamond Scrap Yards furnished the 15 to 20 wrecks needed to demonstrate the use of air guns, power saws, come-a-longs and spreaders to free trapped and injured persons.

Owen B. Streeper, Jr., a nationally known expert in extrication techniques from the Emergency Squad Training Institute, Inc. of Chicago, Ill. conducted the class. Streeper said extrication is a skill of its own. The object is to remove a victim from a serious wreck without killing, paralyzing or further injuring those already hurt.

Woodchippers to finalize show plans

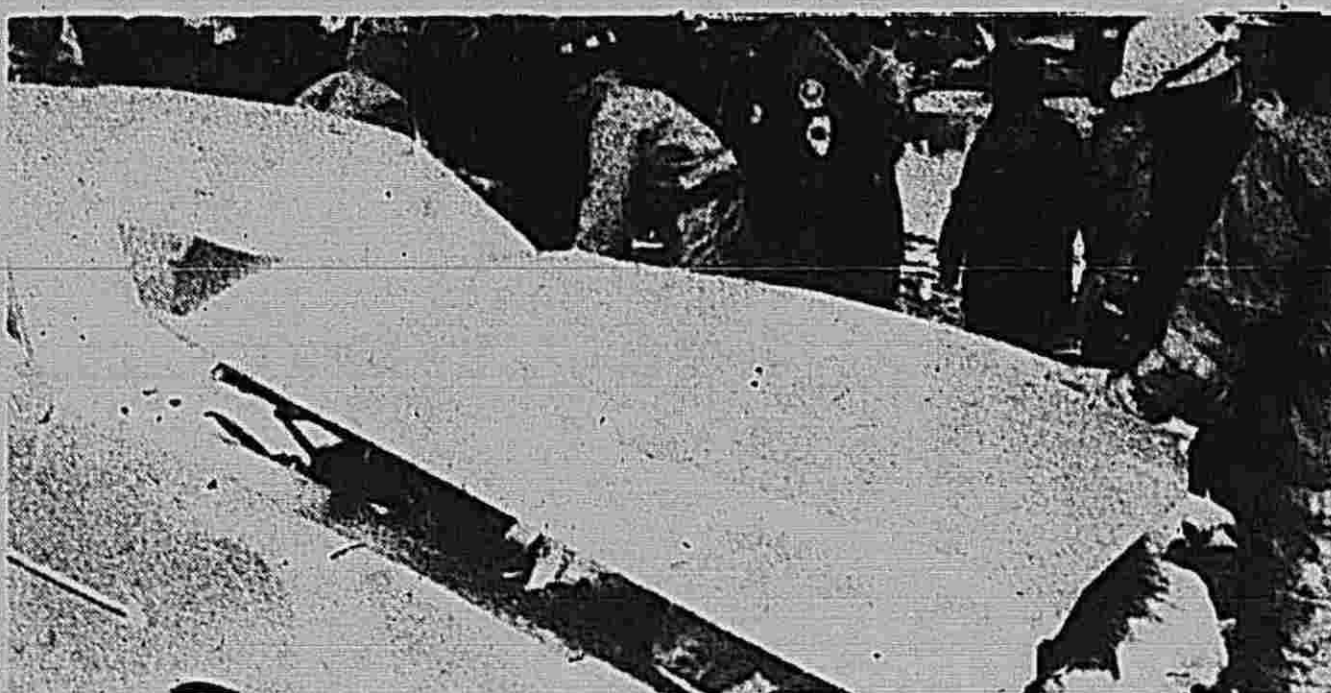

The Chain-o-Lakes Woodchippers Club will meet Wednesday, April 11 from 7 p.m. to 9 p.m.

The First Bank Community Room is to be converted to office space, making it necessary for the club to move to the Antioch Township Public Library for their April 11 and May 9 regular meetings, officers said.

Most of the April 11 meeting will be devoted to finalizing plans and organization for the second annual woodcarving show to be held at the Lakehurst Shopping Center Saturday, April 28 and Sunday, April 29.

Current club membership consists of 31 woodcarvers from the communities of Antioch, Kenosha, Round Lake, Zion, Waukegan, Wildwood, Ingleside, Fox Lake, McHenry, Lake Villa, Lindenhurst and Crystal Lake.

Woodcarvers residing in northeastern Illinois are eligible for membership. The public is invited to any of the regularly scheduled meetings and to special activities and exhibits sponsored by the club.

WITH THE REAR WINDOW removed, a fireman uses a "come-a-long" to pull the driver's seat away from a pinned victim. Extrication techniques are designed to protect accident victims from further injury.

Quaker Industries to sponsor blood drive

Quaker Industries, 90 McMillen Rd., Antioch, is sponsoring its first employee blood drive in support of the Lake County community blood program, the volunteer blood program of the region, this Friday.

Gib Petzke is coordinator of the blood drive.

By sponsoring a blood drive, Quaker Industries is demonstrating its concern for the well being of all residents of Lake County, Blood Bank officials said.

Quaker employees will be helping to assure an adequate supply of blood to area hospitals.

Swing to Spring to be presented by Emmons

Swing to Spring, the annual dinner and fashion show presented by the Emmons Parent-Teacher Organization, will be held Wednesday, April 18th at the banquet room at Antioch Bowl.

The 7 p.m. buffet dinner will be preceded by a cocktail hour.

The latest fashions will be shown by Carousel, Stanley's Mens Fashions

and BJ's Fashions, starting at 8 p.m.

During the show, raffle and prize winners will be chosen to receive the many prizes donated by local merchants.

Tickets are available for an \$8 donation at Emmons School, the State Bank of Antioch and from Joann Marotta, ticket chairman at 395-2429, and will be sold in advance only.

Little League to hold late registration

The Antioch Little League will hold a late registration for those not yet signed up from 6 p.m. to 9 p.m. Friday at the Scout House on Main Street.

Little League President

Chuck Geist said any eight to 15-year-old living in Antioch is eligible to participate.

"Genius is patience."

Buffon

Racing to get underway

The season opener at Lake Geneva Raceway is set for Saturday night with late model, sportsman and hobby stock racing. Time trials will start at 7 p.m. First race at 8 p.m.

Larry Hicks, Wayne Lensing and Bill Wilkie head their respective divisions in the late model, sportsman and hobby stock classes. Besides the sportsman division being added to the Saturday night card, the biggest news comes

from Artgo race promotions with John McKarns its president. The Lake Geneva Raceway will host a \$10,000 late model show on Saturday night, June 2. The Badger Midgets will be here July 3.

There will be no Sunday night racing until May 20 and starting Thursday night, June 21, the IRA super modifieds will be back for the first time in many years. Friday night Moto's are set for April 20.

Girls softball to kick off season

The Antioch High School girls softball program will begin its season with an intersquad scrimmage at 9 a.m. this Saturday at the Antioch Upper Grade School diamond. "This year's program is off to a great start," head coach Steve Scott said. "We've had three weeks of good practices and the girls are showing a lot of promise."

The following girls have been chosen for this year's Sequoit Squads:

SENIORS: Linda Hairrell, Sue Lass, Monika Lukas, Kathy Ogden.

JUNIORS: Diane Hairrell, Patty Hinz, Lori Hucker and Shelly Wix.

SOPHOMORES: Diane Appelhaus, Chris Byrne, Jody Gussman, Dee MacDonald, Terri MacKlin, Lori Mertes, Darlene Olsen, Laurie Ogden, Karen Pape and Lorna Whitton.

FRESHMEN: Cathy Blanchette, Peg Ducommun, Jill Harland, Karen Hassett, Jaque Larson, Tracy Manuel, Sharon Pawlawski, Kim Rederer and Denise Sabar.

All home games will be played at the Antioch Upper Grade School diamonds.

Donkey basketball set at high school

A Donkey Basketball game will be contested at 7:30 p.m. Tuesday at Antioch High School as the "A" Club team plays the "All Stars" from the high school's faculty.

The game is co-sponsored by the high school's "A" Club and the Parent Teacher Club.

Also, comedy races on donkeys, Hobby Donkey Derby, races on mechanical donkeys and trick donkey acts will be featured.

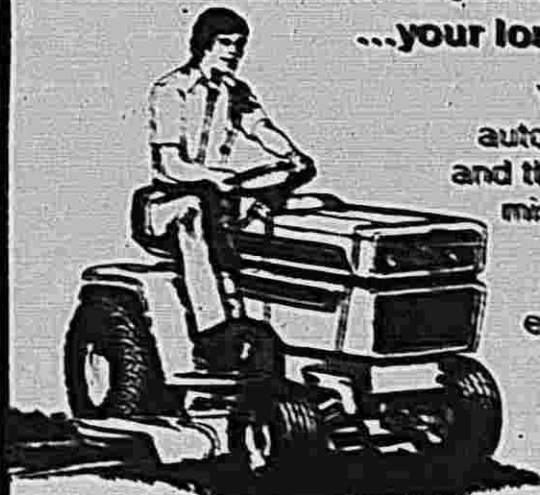

Tickets may be purchased in advance from members of the "A" Club or at the door beginning at 6:45 p.m.

Coordinators said proceeds from the event will be used to furnish local Antioch High School students with scholarships and special items for extra-curricular activities.

Frosh teams end season

Antioch High School's freshman basketball teams enjoyed moderately successful seasons in 1978-79. The "A" team finished in fourth place in final conference standing with an 8-6 record. Overall, the team's record was 10-10.

Highlights of the season were wins over first place Stevenson and second place Warren in the last week. It was Stevenson's only conference loss.

The "B" team were unofficial conference champs with a 12-0 record. Overall the team was 13-1 and had a 13 game win streak.

INDIVIDUALLY for the "B" team Ed Jorgensen was leading scorer and rebounder and Dennis Cardiff was second in each category. Rick Ranney and Alan Ware were next in scoring and also handled the ball-handling chores. Other members of Coach Steve Miklitsch's "B Bombers" were Scott Paul-

ten, Paul Sertic, Mike Gofron, Carl Amundsen, Dean Berkiel, Dale Plechaty, Brett Palmer, Chuck Duha and David Gall.

Individual statistics for the "A" team were: Gordy Nasenbeny 290 points, Steve Sheedlo 184 points, Keith Larsen 90 points.

Larsen had 124 rebounds, Nasenbeny 122 and Tina Higgins 100.

Coach Norma Hahn gave this summary evaluation of his team: "We were good shooters from the field, rebounded very well, and had good speed and hustle. Our press was usually effective because the players really worked at it. Our biggest problems were poor free throw shooting and getting complacent when we were ahead."

Additional members of the "A" team include Matt Stevens, Dave Walsh, Dennis Cardiff, Phil Kahl and Paul Sertic. Team manager was Chris Collins.

Job hunting skills offered in CLC course

There is more to finding a job than reading the help wanted section in the local newspaper.

Being a successful job seeker takes organizational and communication skills that are often learned through trial and error. College of Lake County officials said.

CLC said it wants to help students eliminate some of the errors by offering a four-part program in "Making Yourself Marketable."

The complete series is comprised of four individual classes which will meet on Thursday evenings from 7:30 to 9:30 beginning April 5.

The workshop is a step-by-step approach to employment, beginning with "Organizing the Job Search" (CET 734-001) the first week, continuing with

"Resume Writing" (CET 735-001) the second week, discussing "Interviewing Skills" (CET 736-001) the third week, and wrapping up with the "Employment Outlook for Lake County" (CET 737-001) on the fourth week.

The series has been redesigned this semester from a full length class to single topic meetings to better meet the individual needs of students.

The workshop leaders are CLC counselor Linda Fredericks and the college's assistant director of placement, Christie Sobek. Interested persons may register for the entire series or for individual classes by calling 223-6601, ext. 471.

The registration fee for the classes, which will be held in the main building at the Grayslake campus, is \$3 per session.

OBITUARIES

Annamary Creaney

Mrs. Annamary Creaney of Bristol Township, Wis., passed away Wednesday, March 28, at her home. She was born in Detroit, Michigan and had lived in Wildwood for several years before moving to Bristol seven years ago. On May 29, 1950 she married Arthur Creaney. She was a member of St. Scholastica Church, Bristol.

Survivors include her husband, Arthur; six sons, William (Sandy) Creaney of Wildwood, Michael (Denise) Creaney of Antioch, Arthur Creaney of Gurnee, James Creaney of Antioch, Rory and Robert Creaney (at home); three daughters, Mrs. Patricia (George) Bueltmann of Libertyville, Mrs. Kathleen (Michael) Dieck of Gurnee and Mrs. Carol Jean (George) Nerroth of Lindenhurst; three brothers, John Blyer (Kathleen) Callahan of River Forest, Bernard Callahan of Clarendon Hills, Ill. and Daniel (Barbara) Callahan of Burr Ridge, Ill.; three sisters, Mrs. Margaret (Robert) Hughes of Minnesota, Mrs. Patricia (Leonard) Topps of Calif. and Mrs. Elizabeth (Hubert) Smith of Elmhurst; 19 grandchildren. She was preceded in death by three brothers, William Blyer (Betty) Callahan of Clarendon Hills, Robert (Charlotte) Callahan of Park Forest, Ill. and James Callahan.

Funeral Mass was held at 11 a.m. Friday at St. Scholastica Church in Bristol. Rev. Francis Jordan officiated. Interment was in St. Scholastica Cemetery. Friends called at the Strang Funeral Home, Antioch. Donations may be made to the Antioch Rescue Squad, American Cancer Society or St. Luke's Hospital in Milwaukee in her memory.

Blanche F. Nemmers

Mrs. Blanche F. Nemmers, 87, of Hunt Club Road, Antioch, passed away Tuesday, March 27, at the Zion Nursing Home. She was born July 12, 1891 in Goldfield, Iowa and had lived in Hampton, Iowa for many years before moving to Antioch in 1972.

Mrs. Nemmers was a graduate of the Iowa State Teachers College and had taught in rural grade schools in Iowa and was at one time Assistant County Superintendent of Schools in Goldfield, Iowa. On Feb. 22, 1921 she married Leroy G. Nemmers in Minneapolis, Minn. She was a member of Church of Christ of Hampton, Iowa.

Survivors include one son, Robert J. (Betty) Nemmers of Chardon, Ohio and one daughter, Mrs. Patricia (William) Hayden of Antioch; two sisters, Mrs. Olive Richardson of Blue Earth, Minn. and Mrs. Josephine (Ross) Pardun of Sarasota, Fla. and seven grandchildren.

She was preceded in death by her husband on Oct. 4, 1976; one son, Leroy G. Jr. during WW II; one grandson Andrew L. Hayden in 1971, also two brothers, Burdette, Jesse and one sister, Lottie.

Funeral services were held March 29 at the Strang Funeral Home, Antioch. Bruce Taylor of the Church of Christ of Zion officiated. Interment was in Hickory Union Cemetery, Edwards Rd., near Antioch.

Earl T. Pickford

Earl T. Pickford, 68, of Channel Lake, Antioch, died March 24 at Victory Memorial Hospital.

Mr. Pickford was born in Chicago on April 6, 1910. He had been a former member of the Elks Club in Waukegan; and the Masons. He was a tool and die maker for the Astro Craft Co. in Spring Grove, and prior to that, at Quadrell Engineering in Antioch.

Survivors include his widow, Irene; two sons, Willard of Ft. Madison, Iowa, and Bruce of California; 10 grandchildren and a sister, Violet Krestan of New York.

Funeral services and interment were private. Friends called at the Barr Funeral Home, Antioch.

Sunday Evening 7:00 p.m.

Brought to you by
the Rotary Club of Antioch.

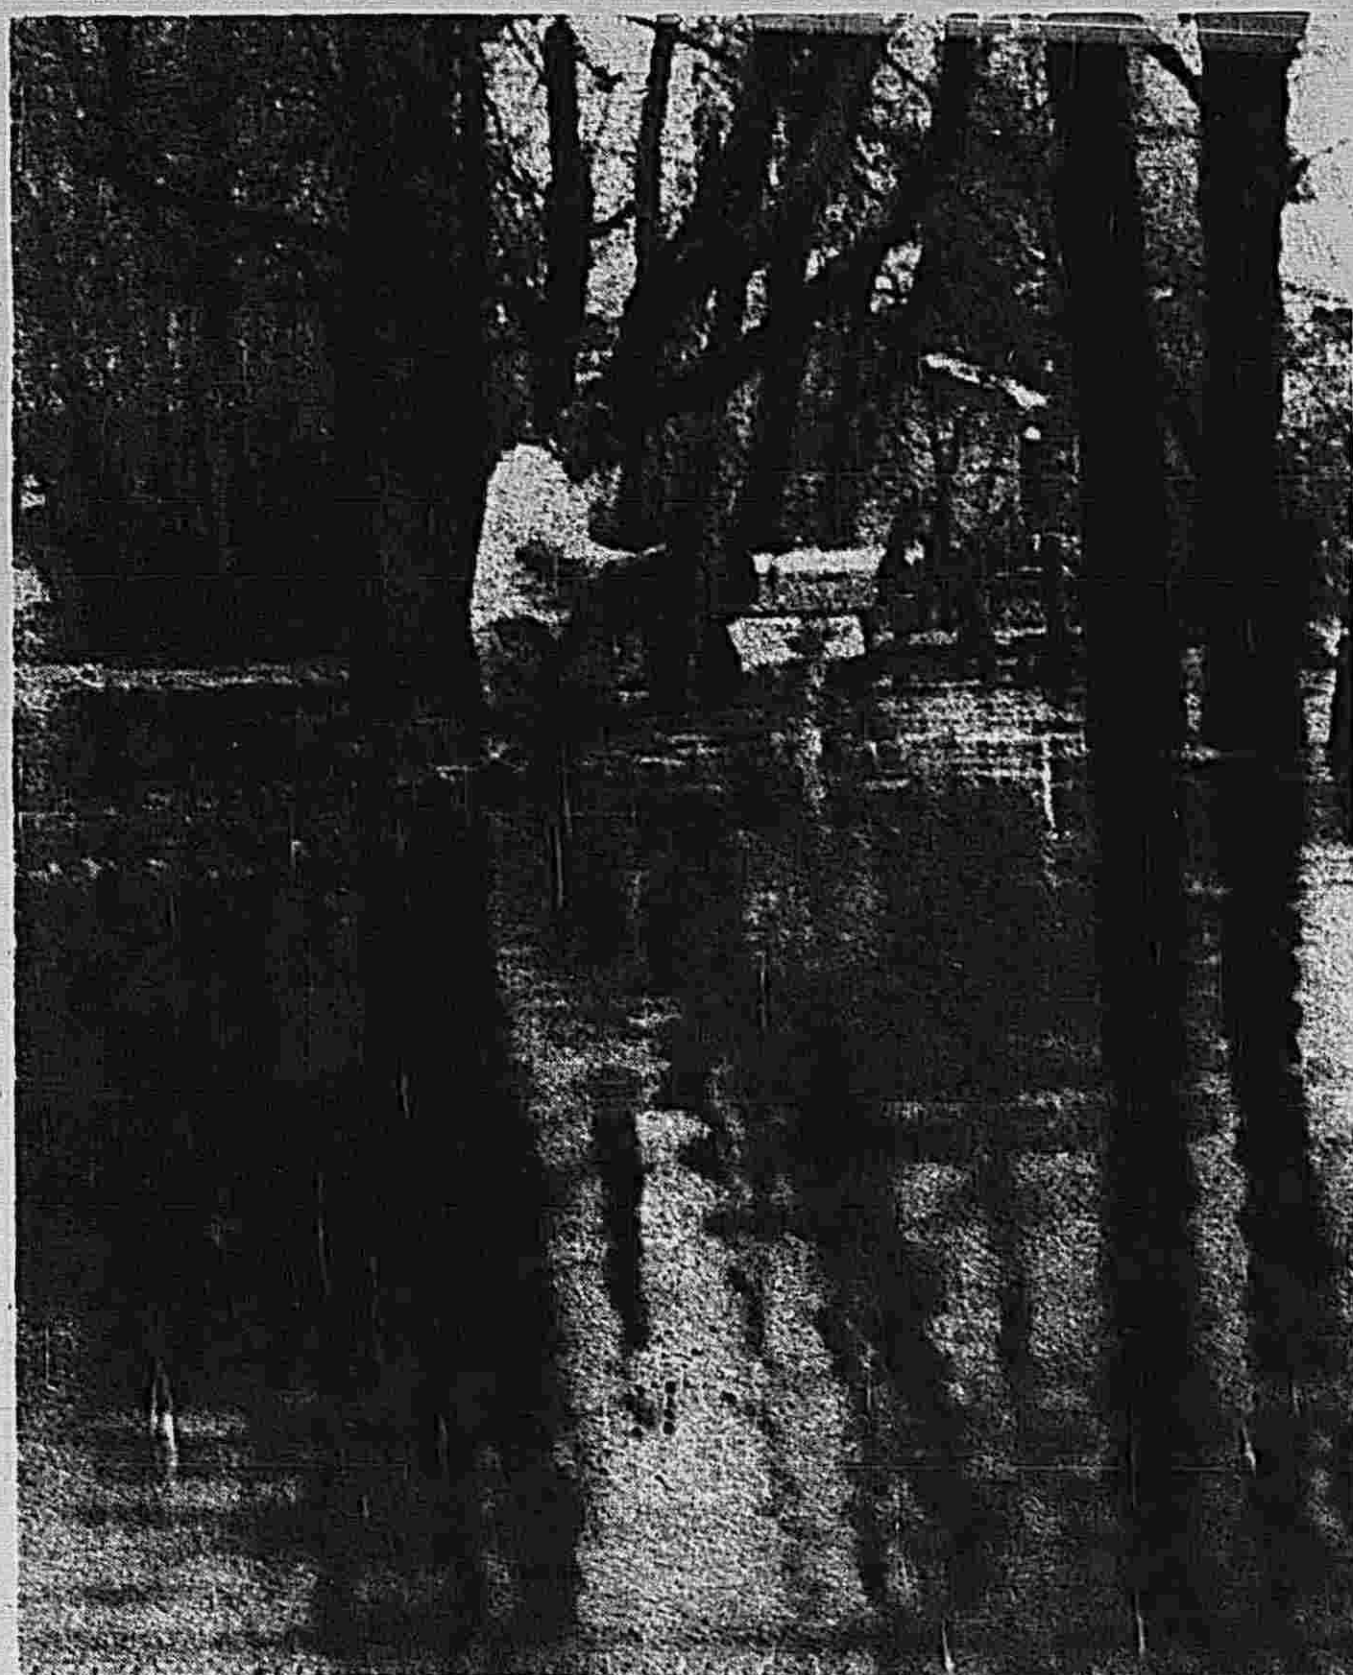

Flooding --- It's only fun for ducks

The relentless rain combined with last week's warmer snow-melting temperatures caused flooding scenes like these near Channel Lake. About 20 to 25 inches of water caused some residents along Witt Road and Linden Lane to evacuate their homes.

In the above left photo, Tom Kadon of Witt Road holds a thick chunk of ice that he found floating in his neighbor's flooded yard. Below, his father Tom wades out knee-deep in his driveway in an attempt to check his mailbox, which won't be filled for awhile as roads are impassable for postmen.

However, the flooding that caused hardship for so many was still enjoyed by some, as displayed by Bedilia, a duck owned by John and Mary Vespa of Linden Lane. Their pet seems to enjoy a refreshing swim in the front yard. Mr. Vespa, a long-time area resident, said he has not seen the flooding so deep and extensive near Channel Lake for decades. (News photos by Sue Nasenbeny)
